- Even Though the Honeycomb core & Honeycomb panels are produced by other competitors in the World, but still the number of Players in this industry is limited, PACFORT is the only manufacturer in the GCC countries, and is the 2<sup>nd</sup> manufacturer in Germany, therefore we gained a considerable market share for the Honeycomb panel business in these markets
- PACFORT is focusing on using the these products in creating solutions for the Packaging market, and in this field PACFORT is a worldwide sole player, we have zero competition PACFORT today is the only company worldwide who developed a semi automated line to produce Boxes using Honeycomb Panels, with a relatively high capacity.
- PACFORT realized at early stages the importance of protecting its core competences part of
  it the designs we created which we are now in the process to register and patent several
  innovations based on honeycomb as a base material
