INTRODUCTION

Taliah Trading & Industrial Co., Ltd is one of the largest private enterprises of interior decoration products, which specializes in manufacturing and trading various items for application in the ceiling, wall, floor, doors, and window of a business plus residential buildings. With more than 38 years of vast experience in the field, Taliah enjoys a good reputation in The local Saudi Market and the neighboring GCC and Arab countries. Today, Taliah stands as a reference in terms of Quality, Versatility, and Diversity of its unique products.

The Head office of the company is a location in Riyadh City Center, with two showrooms and a factory in The industrial area.

Moreover, Taliah owns showrooms and factories in all the major cities of Saudi Arabia like Dammam, Jeddah, Buraidah (Al Qasim), Khamis Mushait, and Sakakah.

The total area of operation of the company is making on the around 30,000 M2 with more than 140 be allowed and professionally motivated workforce.

Factories of the company are kit out with the latest art of work machinery and equipment.

The growth of Taliah Company to the present status of a multi-faceted business, the organization did not make it in a day.

It happened in years of sempiternal struggle and strategic plan led by was founders with the activated participation of a qualified and professionally motivated workforce.

Our marketing team regularly monitors the World Wide market and suggests the possibilities of introducing new products to keep up our status of being the pioneers.

It was a reward for the overwhelming comeback, which we get from the products that are launch.

The analyses of all these products are made by our technical department headed by professionally qualified Engineers, who also give product training to the showroom sales staff and end-users. At Taliah, we provide quality services for those rare customers who feel difficulties in using our products.

The company is computerized and networked for more productivity and easy access for the administrative staff to look into the growth of the company.

Last but certainly not least, we consider our satisfied customers as the backbone of our growth a gave us all the Support, Suggestions, Advice, Information and Valuable Ideas to become what we are now. We will remain unchanged in the search for continuous improvements of quality to cover the needs of today's industry and the generations to come.

Since its formation in 1980, Taliah has to aim at the introduction of high-quality products in the market at regular intervals.

Hence, with its long efforts Taliah is having the following range of quality products in its range.
